What Did Jesus Drive-Jason H. Vines 2014-11-01 Ever wonder what it would be like to work Public Relations for Ford, or General Motors? Imagine a thousand cameras flashing in your eyes through a forest of microphones, everyone millions of dollars and world-wide headlines riding on your every word as you try to navigate your company through crisis, time and time again. It's not for the faint of heart... But it does make for one entertaining memoir! Welcome to the life of Jason Vines, the man who preserved the good name of Ford/Firestone, Jeep, General Motors, Nissan, Chevy, and other mega-companies throughout one catastrophe after the next. In Vines' candid first book, "What Did Jesus Drive", you'll hear about all the trials, tribulations, hilarity, and heartbreak of being a master PR consultant - straight from the man with the silver tongue himself! Outrageous as it is insightful, shocking as it is refreshing; "What Did Jesus Drive" will have you laughing yourself hoarse all the while teaching you how to keep your cool with IT hits the fan! This isn't the PR class you took in Business School! And relax; this is not a book about Jesus. (Although he does appear in two chapters: first as a Hispanic grandfather from Waterford, Michigan, and later as the real Prince of Peace.) No, this book is about a life in the public relations blast furnace of the automotive industry; being the only man on the front line. If you're a company owner, CEO, PR professional, the lessons and stories in this book are **INVALUABLE** for you and everyone in your PR department! Even if you're just somebody who enjoys a look into the wild ride in the world of corporate America, this book is for you. How I wish as the candidates I worked for screamed, screwed, or gaffed their way into crisis, I had called on Jason Vines. This is more than a corporate PR book - it's a masters' class, no holds barred, white knuckle ride of insights and wisdom for anyone whose job it is to communicate for a living." - ?????? "Jason Vines in raw and real story telling of his own journey explains to every politician, celebrity, corporate communications professional and government agency that has ever faced trouble (yes I am talking about you NFL - read this one Goodell!) why we have such a hard time telling the truth, why that's the whole frickin' problem and what we can do about it." - Joe Trippi, Democratic Campaign and Media Consultant. "Jason Vines lived The Hurt Locker, defusing one public relations I.E.D. after another. To think some of the largest corporations we can name have been this close to pure PR disaster, and yet were saved by the insight Jason earned from decades of corporate cage fights, is truly amazing." - Dutch Mandel, AutoWeek Publisher "I always knew I could count on Jason for an unbiased and honest opinion." - Dr. Ricardo Martinez, MD, FACEP and former NHTSA Administrator

A Letter to Tia-Don Landy 2013-07-11 Author Don Landy provides canine and feline pet owners with a first person look at grief and grieving in a way that may surprise you. Don Landy never expected to have a dog in his life. After falling for a German shepherd named Sabrina and spending nearly eleven years together, Landy found himself sitting on the floor holding the lifeless body of his beloved dog in his arms and sobbing uncontrollably. Reeling from the loss he vows never again to take a pet, and thereby sets himself up for the inevitable pain that most pet owners experience when the end approaches. *A Letter to Tia: Grief. Grieving. The Love, Pain and Loss of a Friend* is his personal account of coming face-to-face with grief and grieving. Pet owners of all ages will find comfort, insight, and at times humor in this reflective, life-affirming story of love and loss. *A Letter to Tia* recounts Landy's past and present struggle with the loss of pets. He starts with the death of his show cat, Charlie Brown, twenty-five years ago and continues through to the recent diagnosis received by Tia, his German shepherd. After the previous loss of Sabrina, Landy and his wife accepted Tia into their lives with understandable trepidation. To insure they made the right move they test the relationship between Tia and their kitten Holly and discover they have become fast friends. However, when Tia is diagnosed with inoperable cancer at four years old, the author finds himself staring down the prospect of consuming sadness over the grim forecast for her survival. Landy chooses to process his grief full-on, identifying the tremendous toll that loss takes on pet owners, and how best to cope with the emotions that accompany it. With a life enriched by memories of his meaningful times with Tia, Landy's book addresses this exceptional feeling of loss, while also offering proof that miracles do happen. A moving tribute to the strong love that is forged between pets and pet owners, *A Letter to Tia: Grief. Grieving. The Love, Pain and Loss of a Friend* is sure to provide readers with a good cry, and a good laugh, as his compassionate, deeply felt, and surprising book celebrates this extraordinary bond.

Primary Storm-Brendan DuBois 2006-09-19 Every four years, the spotlight of the world turns to the tiny state of New Hampshire, as the voters in its primary help choose the next president of the United States. Usually, Lewis Cole, a magazine columnist and ex-Department of Defense research analyst, tries to stay out of the spotlight. However, when he attends a political rally for the front-running senator, gunfire breaks out, and Lewis becomes the initial suspect in the attempted assassination. With the Secret Service shadowing his every move, with his budding romance with a campaign volunteer in jeopardy, and with the threat of continued violence against him and the candidate, Lewis desperately tries to find out who set him up for the attempted killing, and who is still stalking him. Lewis is operating in the glare of the news media and among aggressive campaign rivals as he also tries to keep secret a decades-old connection with the leading presidential candidate, a secret that could have shattering consequences if revealed. Drawing on his own shadowy government background and with the assistance of his friend Felix Tinios, a man with a foot on each side of the law, Lewis dives into the unsavory world of presidential politics, where secrets are traded for favors, where votes are cast and sometimes discarded, and where a trail of bodies and broken promises can lead to the White House. Once more, in Primary Storm, DuBois brilliantly goes behind Lewis Cole's quiet existence to the flickering black shadows of his past. Are unknown plotters using his secret DoD record to kill the candidate and pin the murder on Cole? And can Cole outsmart---or outshoot---them before their plan can work?

Event Semantics of Verb Frame Alternations-Angeliek Van Hout 2013-10-11 Using both theoretical and language acquisition arguments, this study proposes a new model of the lexicon-syntax interface defined in terms of checking event-semantic features. The research is based on Dutch verbs and their possible verb frames (intransitive, transitive, etc.) and two studies of children's Dutch. The model developed from these cases represents more generally the way in which Universal Grammar organizes the lexicon of a language and the mapping system that associates a verb's lexical features with its syntactic projection.

Oliver Twink-Dennis Cooper 2009-05-26 “[A] brilliant, triumphantly lurid writer as well as a supremely talented, elegant stylist whose prose is smart and nervy. He might also be the last literary outlaw in mainstream American fiction.” —Bret Easton Ellis Internationally acclaimed writer Dennis Cooper continues to study the material he's always explored honestly, but does so now—in stories—with a sense of awareness and a satirical touch that exploits and winks at his mastery of this world. As it has done for decades, Cooper’s taut, controlled prose lays bare the compulsions and troubling emptiness of the human soul.
